## Universal 911 Dialing- First Transition Report Please read instructions before completing Section 1 **Carrier Identification Information** Parent Company Name AT&T Wireless Services, Inc. Service Provider Name Tritel Communications, Inc. Company Address, City, State, Zip Tritel Communications, Inc 1010 N Glebe Rd Suite 800 Arlington VA 22201 Wireline X Wireless Service Provider Type Name(s) of Wireless License Holder(s) Tritel A/B Holding Corp., Inc.; Tritel C/F Holding Corp., Inc.; AirCom PCS, Inc.; DigiCom, Inc.; DigiCall, Inc.; and QuinCom, Inc. Contact Name Sean Foley Contact Tel # 703-236-1127 Fax # 703-558-0057 E-mail Address sfoley@suncompcs.net Section 2 Local Area 911 Implementation List all individual local areas covered by this report (e.g., Lee County, Virginia): Greene County Alabama Pike County Alabama **Grainger County Tennessee**

Greene county Alabama – Greene County Alabama E911 PSAP Pike County Alabama - Pike Alabama County E911 PSAP Grainger County Tennessee – Grainger County Tennessee Sheriff's Office  (b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response	contact which 011 calls will be routed
(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  (d) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.  The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3  911 implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	(a) For each area listed above, identify the emergency response point to which 911 calls will be routed.
(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  (d) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.  The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3  911 implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	Greene County Alabama - Greene County Alabama E911 PSAP
(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the data or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3  911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	Dike County Alabama - Pike Alahama County E911 FOAF
(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 implementation Problems (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other coperational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.	Pike County Alabama - Tiko Asama County Tennessee Sheriff's Office
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	Graniger County Termicosco
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.	in completing translation and other work necessary to route 911 calls
Tritel Communications Inc. has completed all translation and other work necessary to route 911 calls to the identified emergency response point.  (c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.  The 911 abbreviated dialing code is available to all subscribers and roamers on Tritel Communications Inc's network.  Section 3 911 Implementation Problems  (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.  Tritel Communications Inc. has not encountered any problems in identifying 911 number call routing points.  (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.
